Information and Filing Instructions

Business and Professions Code 1716.1 provides a waiver of 50% of the renewal fee if a licensee demonstrates to the satisfaction of the Board that the licensee is unable to practice dentistry due to a disability. This waiver is at the discretion of the Board, may be terminated at any time, and is based on the licensee's inability to practice dentistry.

The licensee and his or her attending physician are required to complete the application. If the application is approved, the license will denote "Disabled." Biennially the license will receive a "License Renewal Application" to complete and sign. The reduced fee will be required to renew the exempt license. **The holder of a disabled license cannot engage in the practice of dentistry as that is defined in Bus. & Pro. Code 1625.**

At the time of application, if the applicant's dental license is expired, payment of all accrued renewal fees, the delinquent fee, and penalty fee must be submitted with the application. If the applicant's dental license has not expired, no fee is required.

When a license desires to return to practicing dentistry, the licensee and attending physician will be required to complete application to have the license removed from disabled status and returned to "active" licensure. It must be established to the satisfaction of the Board that the disability either no longer exists or does not affect the licensee's ability to practice dentistry safely. At the time of application, the licensee must also submit payment of the current (active license) renewal fee.

According to 16 CCR 1017(e), a licensee who has not practiced dentistry in California for more than one year because the licensee is disabled need not comply with the continuing education requirements of the article during the renewal period within which such disability falls. Such licensee shall certify that he/she is eligible for the waiver of the continuing education requirements. A licensee who ceases to be eligible for such waiver shall comply with the continuing education requirements for subsequent renewal periods.

I certify under penalty of perjury under the laws of the State of California that I read and understand the continuing education (CE) requirements for dentists. I have and can document (if audited) a minimum of 50 hours of approved CE units each biennial license renewal period, or that I am eligible for waiver of CE units for the Dental Board of California.
